QUOTE FROM THE EDITORS

The NETDOKTOR brand

”

As a provider of independent and evidence-based health information, the NETDOKTOR brand has enjoyed unwavering trust from its users in Austria for many years. With the relaunch at the beginning of August 2021, we made our consistently user-centred health portal **NETDOKTOR.at** even more comprehensible and accessible for our users and have thus **grown to become the market leader** in a short amount of time.

NETDOKTOR.AT A GLANCE

A brief look at the brand

The **NETDOKTOR** portal world is the high-reach health platform on the German-language Internet. Medical journalists and doctors provide evidence-based, independent, well-researched and, at the same time, easy-to-understand medical information on the most important diseases, symptoms, studies and medications. Thanks to its consistent user-centred content approach, **NETDOKTOR** provides readers with targeted content that matches the search entries they enter into the search engine. As part of its SEO strategy, **NETDOKTOR** includes individual verticals that are available for specific content and make optimal use of the user's search intent.

PERFECT FOR YOUR PLANNING

Good reasons

Planning with the market leader

NETDOKTOR reaches the most people in Austria who use health platforms to find out about medical content and perform Google searches using terms involving specific areas of specialisation. In Austria, NETDOKTOR is the market leader in terms of reach.

Advertising without ad waste

NETDOKTOR reaches every relevant user without ad waste. By taking a user-centred approach and due to its SEO-optimised thematic orientation, NETDOKTOR consistently delivers the best content matches for what users are searching for – the perfect advertising platform! Advertisers reach users via very specific queries about specific areas of specialisation that are very close to the problem solution/purchase decision in the patient journey funnel.

Credibility of the NETDOKTOR brand

The **NETDOKTOR editorial team** employs trained medical professionals who guarantee high-quality content through independent, well-researched medical journalism. The brand's high degree of credibility is also reflected in the users' long viewing time.
